

## Nomination Form

---

---

The Wolf Project was established to recognize, honour, and promote activities which serve to improve racial harmony.

Individuals, groups, businesses and communities that work toward enhancing understanding and respect between races will be eligible to receive the **Wolf Project Award** which is fashioned in the form of a howling wolf.

This wolf is to serve as a reminder to never give up the dream of unity. There are many people working toward this honourable cause and the numbers are increasing.

The Wolf Project operates with a Board of Directors and many volunteers across Canada.

These people **encourage** activities which help to promote racial harmony, **honour** the distinctive events, and **remind** us that there are many organizations and people who have the courage and the willingness to improve relationships between people of different cultural backgrounds.

**Dignifying each other as one race, "a human race"**
